### Thomas Edison EnergySmart Charter School

On Wednesday, Oct. 2, Thomas Edison EnergySmartCharter School (TEECS) participated in the National Walk and Bike to School Day. TEECS' goal is to help grow this movement locally and inspire the community to come together to promote health, air quality awareness and safer routes to school for its students. The school started the day off at 8 a.m. at a parking lot within 10 minutes walking distance from the school. All buses and parents were asked to drop their students off at this lot and together we walked down Pierce Street to the World's Fair Drive/Pierce Street intersection. Special guests including Township of Franklin Councilman Professor Dr. Theodore Chase and Professor/Dean/Fellow at Rutgers University, Dr. Mukund Karwe walked with the students and spoke about the importance of the event.
