

### 'Making the Most of My Charter School'

Thomas Edison EnergySmart Charter School (TEECS) will host a panel discussion, "Making the Most of My Charter School" on Wednesday, Jan. 29. This free event will provide insight and viewpoints from a diverse panel consisting of New Jersey education leaders, an administrator, a Charter School teacher as well as a parent who are all dedicated to bringing quality education to the students in NJ. Held during National School Choice week, the panelists hope to shed light on the idea that parents do have a choice in finding the best possible experience for their students. For more information on TEECS, visit [www.teecs.org](http://www.teecs.org). For more information about New Jersey Charter Schools Association, visit [www.njcharters.org](http://www.njcharters.org).

Wharton Institute for the Performing Arts in Berkeley Heights announced a new initiative, Give Back to Berkeley Heights, to show support for its hometown of nearly a decade with community events and special discounts for Berkeley Heights residents (Photo: -Courtesy of Wharton Institute for the Performing Arts)

To bring everyone together, you need Intel® and IT Orchestration by CDW®.
