

FALL 2020 INSTRUCTIONAL PREFERENCE

After careful review of the survey results from parents and teachers, and with recommendations of the Reopening Plan Committee, TEECS will open school with a modified in-person instructional model for the Fall of the 2020-2021 school year.

Option 1: Hybrid Learning - Students will attend school in person on Mondays, Tuesdays, Thursdays and Fridays and participate in asynchronous remote learning on Wednesdays.

Option 2: Remote Learning Only - Students will remotely learn all five (5) days each week. Classes will be synchronous all days with the exception of Wednesdays.

Please note that once this choice is made, this will be your child's schedule until the end of December 2020, at which time the schedule will be reevaluated. Due to state guidelines on social distancing in classrooms and on buses, we will only be able to accommodate changes to hybrid if space allows. Remote learning will be synchronous except Wednesdays; all resources will be made available through online platforms for students. Students will follow the same class schedule as if they were in school; more information will be emailed home as it is finalized.

Please list your child(ren) below.

Student Name: _____ 2020-2021 Grade: _____

Student Name: _____ 2020-2021 Grade: _____
